## FROM MARK'S DECK

With the Christmas period now behind us, the workshop has been absolutely flat out with a wide range of servicing and repairs through the early part of summer. Some days it felt like we were a Sea-Doo or Mercury shop rather than a YAMAHA dealership – but we're pleased to say everything was completed and everyone was able to get back out on the water to enjoy their summer break with family and friends.

With the latest YAMAHA outboard and Waverunner promotions now underway, the team is gearing up for a busy period of outboard repowers over the coming month, as well as getting skis prepped for plenty of summer fun. There's still lots of sunshine and daylight savings to enjoy, so make the most of it!

Before Christmas we also had the privilege of helping celebrate Nelson Coastguard's 50th anniversary. They do an outstanding job keeping all water users safe – members and non-members alike. We strongly encourage everyone to support them by signing up, just as they are always there to support us on the water

If you've been in store over summer, you'll have noticed a stack of new products on display, with Pete's Stoked to Smoke section absolutely on fire (pardon the pun!).

From OONI pizza ovens and the TRAEGER pellet smoker range through to SMOKAI cold smokers, it's clearly struck a chord with customers.

If you've ever thought about getting into this hobby, pop in and have a chat with Pete – just be warned, he's passionate and hard to stop once he gets going!

As we prepare this newsletter, we are also looking forward to welcoming Andy Vivian to the team as our new Senior Technician. Andy brings a wealth of experience, having spent 96 years as Service Manager for a YAMAHA dealer up north.

And with that, we wrap up our first update for 2026. Stay safe on the water, and if you have any questions or need assistance, please feel free to call in or give me a ring.

Wibbo (Mark)

## FROM THE WORKSHOP

As Mark mentioned earlier, the workshop has been pumping out the jobs and there have been a heap of last minute jobs completed, to get customers out there on the water for their summer break.

The team have been running hard and DEFINITELY enjoyed their “mini break” over Christmas, but are back now & primed to go to the season ahead.

Don't forget that we are running our “Win a Coastguard Membership” every month and just getting some work done in the workshop or purchases made in store, can get you in the draw. These guys do an amazing service here in the region and we are thrilled to be a sponsor of the local unit as well as getting behind them at every opportunity.

**ON THE TEAM FRONT ....** we are looking forward to welcoming Andy (Vivian) to the team as our new Senior Technician. Andy brings a wealth of experience, having spent 9 years as Service Manager for a YAMAHA dealer up north and together with his family is very much looking forward to settling into the region as well as getting out there to enjoy everything that the region has to offer.

**THE WINNER** of the DECEMBER GOASTGUARD membership is ....

**PETE DAWSON**

Congratulations Pete, we'll be in touch !!

### FUELLING YOUR ADVENTURE WITH QUALITY MARINE BRANDS

The summer of 25/26 will certainly be one to remember, with a number of new WAVERUNNER owners making the most of the season and some impressive fish being landed along the way.

We continue to see Ski's coming and going, and YAMAHA currently has some excellent promotions available, alongside the arrival of exciting new models.

In addition, there are some outstanding repower deals on offer through YAMAHA, as well as our own newly introduced “fully fitted” repower options. If you're considering a repower, give Mark or Pete a call – we'll crunch the numbers and help get you into a new YAMAHA engine that will deliver years of enjoyment and reliability.
