### From THE WHEELHOUSE

WOW ... where is this year going ?? .... its already May and things are still ticking along despite the world going a little mad at the moment !!

Our 2nd summer here in Nelson was awesome (despite the weather being a bit "iffy"), and we've had a great run on skis and repowers, and we have certainly found a niche that we are enjoying. We are loving servicing the region as the YAMAHA dealership of choice but we certainly aren't limited to being able to service a single brand. With the diagnostic equipment we have invested in, we can help out with all brands should you need it !

Over the Summer we saw a tremendous uptake in the showroom with the Traeger & Smokai smokers and the OONI pizza ovens and there will be a heap of great cook ups happening out there that's for sure. For those not sure what the fuss is about, shoot into store and I'm sure Pete will be happy to take you down the rabbit hole - just give yourself a bit of time because he loves to yarn about smoking !!

#### Mark your calendars !!

For those that might be interested, we are hosting the Nelson Coast Guard unit on the 3<sup>rd</sup> of June from 5pm till about 7pm. They'll be talking all things "Winter Fishing".

If you are keen to attend keep an eye out on our Social Media Accounts to register !! ... we need to know the numbers just for catering - Pete's going to fire up the Traeger and the Ooni to let you sample some of the fare that's possible .... don't miss the night as it'll be a lot of fun (& educational) !!

As you read on you'll see we have some GREAT news to announce ..... where we now have a boat range which we represent and to say we're excited is an ABSOLUTE understatement !!

If you have driven past over the last fortnight you would have had a glimpse of "Tuatahi" our Southern XP500 which we are extremely proud of !! ..... for more details check out our "From the Yard" section ....

Lastly ..... YAMAHA are still running some great promotions, saving \$\$\$ on Skis & "Fully Fitted" deals, but even if they don't include the exact model you're looking for, give me a call and I'm sure we can cut you a deal !!

And with that this Autumn Newsletter is done and dusted - check out our other sections to see what's been happening and Stay safe on the water !!

If you have any questions or need assistance, please feel free to call in or give me a ring.

Wibbo (Mark)

## FROM THE WORKSHOP

The Summer season is now behind us and its fair to say that the workshop is taking a well deserved breather just at the moment !!

This summer saw an incredible amount of service & repair work both in the workshop and as part of our Field service operations from far and wide across the Sounds, and there were definitely some long days for the service team as we firmly establish ourselves in the area !!

As mentioned in our Summer newsletter, we now have Andrew Vivian on board and he has certainly hit the floor running !! The experience he brings to the workshop has been quickly noticed and well received.

For those who have met Andy already I'm sure you'll agree that he will be an asset to the team.

With the winter approaching we are noticing not such hectic days in the workshop, but as people are still trying to catch those last Snapper before they leave the bay for a period, now is the time to start thinking about some of those upgrades in readiness for next season.

Over the last few months we've completed a number of upgrades to customers vessels such as winch installs, as well as repowers of old engines to new 4 Stroke Fuel efficient options and at the moment who doesn't want to save some fuel !!

Andy & Ben

## EXCITING NEWS .....

### Meet "Tuatahi" - A New Arrival Worth Celebrating

April marks the arrival of our newest family member - "Tuatahi" - and with it comes some exciting news. We're proud to announce that we are now the official distributors for the Southern and Lazercraft range across the Top of the South Island!

Tuatahi, a Southern XF500, is now on the yard fully rigged and ready to ride. This impressive sub-6 metre aluminium hull is ideally suited to our local conditions - easy to handle for one or two people, yet versatile enough to deliver a superb fishing platform and plenty of fun for family watersports days on the water.

Package pricing currently starts from just \$63,495, fully fitted with a 60hp Yamaha four-stroke engine - outstanding value for a premium, ready-to-launch setup.

## FROM THE YARD

### AND WE'RE POWERING IT UP !!.....

To celebrate the launch of Tuatahi, we're offering a limited **POWER UP upgrade deal** for the first five units sold (and we've already sold the 1<sup>st</sup> one !!)

- Pay for a 60hp and receive a 70hp - Pay for a 70hp and receive a 75hp or Pay for a 75hp and receive a 90hp

If you've been thinking about getting out on the water in a capable, easy-to-handle boat built for our region, now is the perfect time to step aboard

**XF500**

**COME AND SEE TUATAHI ON THE YARD SHE'S READY WHEN YOU ARE !!**
